

V Town House

About Us

With the promising outlook for property investment in Indonesia, PT Anugrah Nusa Daya sees the excellent potential in Tangerang especially in the area near Bintaro. We have an outstanding track record in our commitment to build Eco Green town houses in the past 7 years. Our successful projects include three prestigious developments in the Cilandak area : Botanika, Casita and D'Vista.

Each has a distinct concept and highly regarded by many as **different from any other housing projects**. Our commitment to the environment and strive to create maximum value to our clients have driven us to offer another unique, innovative and creative way of living through our new project - V Town House.

Where The **Vacation** Begins...

V Town House invites you to **imagine**
and **explore** your unique relationship with nature.

About V Town House

V Town House comprises well-designed units set in a most unique lush environment

V Town House invites you to imagine and explore your unique relationship with nature

It's about how you feel and get inspired by your closeness to nature

Great Value Excellent Potential

Investment value will increase +/- 10% per year

High rental potential - near to University

Strategic location within walking distance to -

- University Pembangunan Jaya,
- Bintaro Xchange Shopping mall
- Jurangmangu train station,
- Quick access - highway to city

Close to nature

- surrounded by greenery
- fresh natural air circulation

SOHO Concept

Unique land and lifestyle - a valley house in a city,

The contoured land is intentionally preserved so that unit can enjoy the stunning green views - just like looking out into a beautiful valley.

VACATION

A tranquil villa- vacation atmosphere, right in the city and yet away from all the noise and traffic. You will be soaking in nature and peace, like the vacation you always wanted. Every day in your own house.

VALUE

A most valuable and rare combination - an Architectural masterpiece set on a beautiful natural land plot in the Jakarta suburb with quick access to shopping mall, schools and highway into central city.

V Town House

VOID

Each V Town House unit is thoughtfully designed with high ceiling and Void area, creating a most spacious and luxurious touch to your home.

VENTILATION

The unique Vent design allows fresh air to be circulated naturally throughout the whole house.

V Town House

VENT

The unique land not only provides a vantage view from the surrounding location but also allows natural ventilation of fresh air to each and every unit in the complex.

VERDANT & VERTICAL

V Town House is a Verdant area surrounded by trees, flowers, and paddy fields. Vertical building concept is innovatively applied to each unit, providing green space even from within.

V Town House

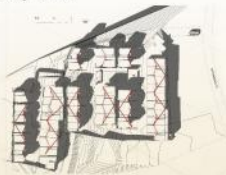

Siteplan

V DESIGN

The design itself contains a lot of synchronised V elements, starting from the ground to the roof of every house.

V CONCEPT

The unique V building concept creatively generates gaps between houses that allow excellent air circulation flow through each house.
